

# Kelly Phan

## Junior frontend developer

Currently a 4th year student at HETIC, Paris, France, I'm a young aspiring frontend developer. Digital enthusiast, I'm always curious and I enjoy to make things live. After three years learning internet basic knowledge, I'd like to specialize myself as a JavaScript Developer.

**I am actively looking for a 6-month internship from July to October 2019.**

## Skills.

### Development

- HTML5, CSS3, JavaScript (ES6+)
- React.js, Redux, Vue.js, Gatsby.js
- GreenSock, P5.js, Gulp, Git...

### Other

- Design Thinking and agile method
- Sketch, inVision, Adobe tools
- Slack, Asana, Trello, Gsuite...

## Experiences.

### Creative Developer Intern at SuperheroCheesecake, Amsterdam

Jul 2018 - Oct 2018

SuperheroCheesecake is an award-winning digital production studio from Amsterdam. The studio craft premium digital work for web, mobile and experiential with creative agencies and global brands.

### Frontend Developer for hkind, Paris

Nov 2018 - present

hkind is a French start-up which helps health actors to discover amazing projects and initiatives according to their sectors, and localisation. As a frontend developer, I'm in charge of creating a clean progressive web app by May 2019.

### Intern as web designer at Zenchef, Paris

Jul 2017 - Sep 2017

Zenchef is a French company which gives back to restaurant owners the power to control their online communication and bookings. I was in charge of the marketing design for printable communication and on their blog's UI.

## Education.

### HETIC college, Paris

Sep 2015 - until Dec 2020

Master degree : Expert in digital communication engineering.

### Montaigne high school, Paris

Sep 2013 - Jun 2015

A 2-year intensive foundation degree for business school.
